

APPRENTICESHIP PROGRAMS

**A TURN-KEY SOLUTION FOR 21ST-CENTURY
WORKFORCE DEVELOPMENT.**

NORTHEAST STATE

We're here to get you there

WHAT IS THE RCAM?

The Regional Center for Advanced Manufacturing (RCAM) is Northeast State Community College's off-campus facility for educating and training a qualified workforce for the region's manufacturing sector.

RCAM GROUP APPRENTICESHIP PROGRAMS

RCAM has worked with the U.S. Department of Labor Office of Apprenticeship to establish the Northeast State Community College / RCAM Group Registered Apprenticeship Program. This initiative enables RCAM to partner with employers to provide Advanced Manufacturing registered apprenticeships to Build the 21st-Century Workforce.

RCAM Group Apprenticeship Programs offer employers a turn-key solution to their workforce development needs.

CURRENT OCCUPATIONS

- Mechatronics Technician
- Industrial Manufacturing Technician
- CNC Machinist
- Carpentry
- Metal Buildings
- Other occupations available upon request

HOW IT WORKS

Providing registered apprenticeship training for your company is simple. Contact RCAM regarding your company's interest in exploring registered apprenticeship training. The RCAM staff will guide you through the process of becoming an Authorized Training Agent (ATA) in order to provide relevant on-the-job training for employees selected to enter apprenticeship training.

This partnership delivers a highly competent, trained, and productive workforce—certified by the US Department of Labor.

“RCAM has been an excellent resource in meeting our training needs and we couldn't ask for a more committed team to be our partner.”

—David Linville, Maintenance Manager, Snap-on Tools

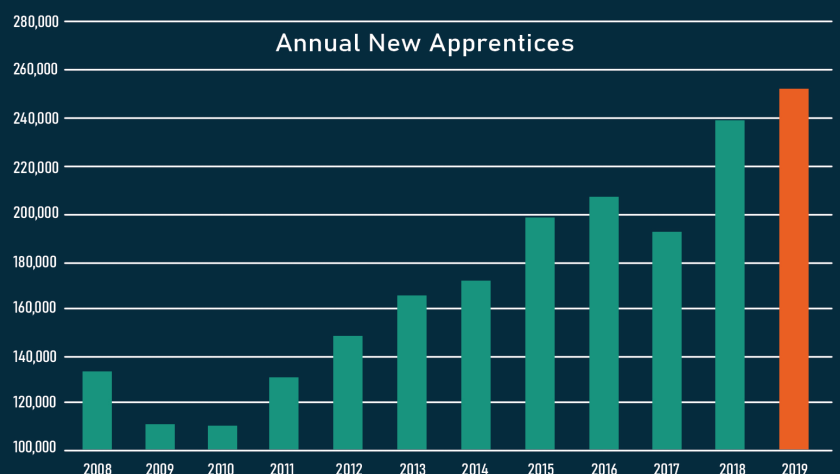

APPRENTICESHIP CONTINUES TO DEMONSTRATE STRONG GROWTH

128%

Growth in New Apprentices Since 2009
